

Chair's Report
Southern Region Conference
Little Rock

Arkansas Counseling Association, Dr. Nola Christenberry, and Tammy Romines (SR Secretary-Treasurer elect) are our hosts for this year's Southern Region Conference in Little Rock at the wonderful Peabody Hotel. We are fortunate to have secured Dr. Joycelyn Elders as our featured speaker. Our hosts have lot of fun things planned including breakfast and a tour of the Clinton Presidential Library. Our conference has a full schedule of leadership development planned and of course the business of Southern Region to address. We will also be electing our next Chair- Elect.

Counseling Today ran an article where I laid out my goals for this year. Diversity, Branch Growth, and Technology are the three areas where I feel I can be most effective and I have plans to bring these goals to fruition. We will address these goals and plans at conference.

I am easily accessible and have an "open door" policy. Please feel free to contact me with question, concerns, or if just want to lend a hand. I look forward to this year as one of accomplishment that will benefit our branches, our profession, and counselors.

We Rock in little Rock. I hope to see everyone soon.

Jeffrey
