ing Board of Directors approval. Motion passed. (Rationale for this motion
was given as follows: Each year the Board reviews committee/commission
reports which reflect possible overlap in activities and goals. In light
of continuing budget constraints, it is believed that a system of earlier
chairperson-designate appointments could facilitate the coordination of
their efforts. Specifically, it is believed that major appointments of
standing committee or continuing commission chairpersons might be made
before the annual convention. The president-elect and such chairperson-
designates could meet, review the committee/commission charges, discuss
chairperson-designate plans for the coming year, anticipated budget, and
possible committee appointment recommendations. In this way, the president-
elect can help chairpersons prepare their reports for the Board approval
in July.)
