Treasurer Thelma Daley then reported to the body on the current financial status of the Association. She also commented on the 1994-95 budget and highlighted a number of specific areas in that budget. Dr. Daley also responded to a number of questions from the group.

**C-1 - Executive Director's Report** (See Attached Report)

Executive Director John Jaco reported to the group on his observations on the state of the association since his arrival in July, and on the direction that he feels the association and its leadership should take in order to improve the financial situation and to begin to move forward. Mr. Jaco noted that a survey has been taken of the leadership to help prioritize activities that are most important. The survey was sent to 73 leaders with 52 responses. Top issues were: (1) public policy and legislation; (2) public awareness and the counseling profession; and (3) advocacy/licensure. He indicated that the results of that survey would be given to the group later in the meeting.
Mr. Jaco also noted that staff, utilizing the same instrument, also identified three issues (1) technology; (2) public recognition, and (3) professional development for staff and leaders. Staff had also outlined four goals which are (1) improve customer services, (2) increase corporate efficiency and growth, (3) advance professional recognition, and (4) promote membership and staff development.

Mr. Jaco commented on the current situation with the headquarters building and on the loan arrangements that have been completed. He further informed the group that he is currently in the process of attempting to sell the building and that there are negotiations taking place toward that end.

It was moved by Grisdale and seconded by Allen that: The Governing Council go into Executive Session. Motion passed. Discussion then continued in Executive Session.

While the Governing Council was in Executive Session, meetings of the ACA Loan Committee and of the Executive Committee were also convened. This communication will include details relative to offer/counter-offers and contracts. Motion passed. (Rationale: Bylaws, Article VIII, section 2.)
Following the above action related to the sale/lease back option possibilities, Mr. Jaco continued with his Executive Directors report, a copy of which is enclosed.

President Coy then asked Christina Pappas, ACA Meeting Coordinator, to present a brief report to summarize the Minneapolis Convention. Ms. Pappas distributed copies of a survey of the conventions for the last several years, and highlighted some specific areas in that survey report. She then responded to questions from members of the body.

Following the action on the floor, there was more discussion regarding the Journal. It was suggested that investigation might be made to see if copies could be made available on disks at a discount price, rather than hard copies if people might prefer disks. Other ideas were mentioned and although no action was taken, it was agreed that investigation will be made with the possibility of further information being submitted at the Denver meeting.

NEW BUSINESS - Association Mission Statement

In light of discussions earlier in the meeting of the need to clarify the Association’s Mission Statement, the Governing Council had considered what should be done to do this.

It was moved by Wilgeroth and seconded by Hulse-Killacky that: The Mission Statement of the American Counseling Counseling be changed to read as follows: “The mission of the American Counseling Association is to enhance human development through the life span and to promote public confidence and trust in the counseling profession. Motion passed.

It was noted that a change in the Association’s mission statement would require a Bylaws amendment. Therefore, this motion will be referred to the Organization, Administration and Management Committee for preparation of a Bylaws amendment to be acted on by the Governing Council at the Denver meeting in 1995.

NEW BUSINESS - Commendations

It was moved by Maples and seconded by Allen that: This Governing Council highly commend the staff at Headquarters for their commitment, dedication and
perseverance to ACA during this time of financial retrenchment. Further, this Governing Council recognizes the dual responsibilities that have been placed upon this committed group at this time. Further, that this commendation be transmitted to the staff in a more appropriate manner, to be determined by the President and Executive Director, than a motion recorded in the Minutes. Motion passed.

It was moved by White and seconded by Monks that: The Governing Council express its appreciation to President Doris Rhea Coy on her first Governing Council meeting. Motion passed.

Adjournment

It was moved by Minor and seconded by Wilgeroth that: The meeting be adjourned. Motion passed.

The meeting of the ACA Governing Council was adjourned at 12:00 noon on September 25, 1994.

Respectfully submitted,
