Prior to moving into the formal business meeting of the Governing Council, President Ford called upon Marie Wakefield, Chair of the ACA Strategic Planning Committee, to present and discuss the Association’s strategic plan and to get input from members of the Governing Council as the Strategic Planning Committee works to update and improve the strategic plan. The strategic planning activity did not require any formal action by the Governing Council.

These were: a) move Interim Executive Director’s report to be given just prior to Agenda Item 7; b) hold an Executive Session just prior to moving into action items beginning...
with Item 7; c) replace the motion shown in Item 10 with a new motion submitted by IAMFC; d) replace the current motions shown in Item 11 with new motions; e) add under new business an item on recognition of service; f) possibly consider other items under new business; and g) delete Agenda Item 20 on report and recommendations from Multicultural/Diversity Task Force.

Following the discussion of the recommended changes to the meeting agenda, it was moved and seconded that: The Agenda for the Governing Council meeting be approved as amended. Motion passed.

Seating of Observers

President Ford called attention to Policy 401.2 which states that proxy votes are not permitted at Governing Council meetings. This policy is mandated by the law under ACA’s incorporation in the District of Columbia. Therefore, only permanent elected representatives are entitled to serve as voting members, but that in cases where the permanent elected representative is not available to attend the meeting for some reason, it would be permissible to seat an observer from the affected division or region. She noted that at this meeting, this regulation affects C-AHEAD and AMHCA.

It was moved by Barret and seconded by Allen that: The Governing Council move to seat Nancy Woodward as C-AHEAD observer and Glenna Wentworth as AMHCA observer for the October 15-16, 1999 ACA Governing Council meeting. Motion passed.

In accordance with association policy, Mr. Yep also reported on professional fees and unanticipated expenses during the past year. This report was for information only and did not require Governing Council action.
Financial Report

Treasurer Betty Hedgeman reported on the financial status of the Association and discussed a number of specific items. She responded to questions from the Governing Council about various portions of the report. Dr. Hedgeman also called attention to motions that had been referred to the Financial Affairs Committee by previous Governing Councils and noted how the Committee had dealt with each of those.

As an outcome of the financial report, there was a discussion as to how best to deal with the surplus of income and in particular the anticipated income from the sale of the ACA building.

It was moved by Bradley and seconded by Harris-Bowlsbey that: ACA establish a special fund of $500,000 from FY 1999 revenue over expenses and that the fund can only be used with the approval of the Governing Council.

After some discussion, it was moved by Cahillane and seconded by Barret that: This motion be tabled until later in the meeting. Motion defeated and the discussion continued.

It was moved by Kandor and seconded by Moll that: The Governing Council accept the report of the Social Issues Task Force in principle but send it back to the Task Force for additional information regarding financial implications and procedural components.

Question was raised as to the implications of saying that the Governing Council “accept” the report and the Parliamentarian pointed out that acceptance would be the same as adopting the report. Therefore, unless the Governing Council wished to adopt this report, they should likewise not accept it.

Vote was called for on the motion that: The Governing Council accept the report of the Social Issues Task Force in principle but send it back to the Task Force for additional information regarding financial implications and procedural components. Motion defeated.

It was then moved by McMahon and seconded by McGee that: This report be referred back to the Social Issues Task Force for additional information regarding financial implications, implications for ACA governance, and procedural considerations. Motion passed, and the report is so referred.
Report of Task Force to Study Declining Division Membership

Attention was called to the report from the Task Force to Study Declining Division Membership and to the several recommendations contained therein. President Ford noted that the first recommendation (No. 1, A & B) would be Bylaws amendments.

There followed a lengthy discussion of the report and of the various recommendations from the Task Force. Several possible motions were suggested to handle these recommendations. As a result of the discussion, it was determined that action would be postponed on this report until later in the meeting to allow time to develop appropriate motion(s). Therefore, the Governing Council moved on to a discussion of the next item on the agenda.

It was then moved by Walker and seconded by Lewis that: The ACA Bylaws be changed to give Regions two votes if there are more than 7000 regional members – such membership being defined as those holding dual membership in ACA and their Branch.

In the discussion that followed this motion, it was pointed out that any amendments to the ACA Bylaws must come through the ACA Bylaws Committee and be submitted to the Governing Council with that Committee’s recommendations. The discussion also brought out possible financial implications, as well as a consideration of the logistics of determining the dual membership. A friendly amendment was agreed upon that this motion be referred to the Bylaws Committee.

Following considerable discussion, vote was called for on the motion that: The Governing Council refer to the ACA Bylaws committee the motion that the ACA Bylaws be changed to give Regions two votes if there are more than 7000 regional members – such membership being defined as those holding dual membership in ACA and their Branch.
