**Tennessee HB 1840**

Art Terrazas, Director of Government Affairs, provided a briefing regarding pending legislation in Tennessee regarding HB 1840. This bill will permit counselors to deny service based on their own strongly held religious beliefs. This bill is in direct violations of the ACA Code of Ethics. Mr. Terrazas provided details of the bill and the actions being taken by ACA and the grassroots lobbyist in Tennessee.

Small Group Activity

The topics of small group discussion were the situation in Tennessee and Model Portability Law.
Small Group Reports:

Group A: Tennessee
- Support ACA staff and efforts they are taking
- Affirmation from all of Governing Council supporting fulling what staff is doing
- Is the Tennessee Counseling Association getting enough assistance? Can they report to us about they are doing.

Licensure Portability
- The chart is missing a few pieces. Under the AASCB proposal, it should say that you should have the highest license and no disciplinary charges.
- AMHCA/ACES/NBCC Proposal: it should add in if you’re fully licensed in your state, or met the standards in your state then this would include all counselors that are currently licensed.
- We would prefer to think about a coalition rather than just ACA doing a proposal but they are not opposed to an ACA proposal.
- If ACA could take a firm stand, it would have a huge impact, increase membership, if we take a firm stand on being all inclusive for those counselors that have been licensed for some years especially.
- If you’re fully licensed already, you shouldn’t have to do anything else.
- Clarification/discussion took place around what the AMHCA/ACES/NBCC Plan states: for portability or licensure in your state you need either a degree from a clinically focused counselor education program accredited by CACREP or certification as an NCC or fulfilment of standards adopted by a state counseling licensure board.

Group B: Tennessee
- Also affirmed the current actions being taken.
- Also would like Governing Council to re-affirm the ACA Code of Ethics, and the non-discrimination section especially.

Licensure Portability
- Addressed the issues related to whether or not we wanted to muddle up the issues regarding the plans already in-place.
- Are we being invited into the conversations with the AASCB and/or NBCC/ACES/AMHCA plans; what is our partnership with them.
- Looked at issues related to hours of licensure and how there is great variability.
- We support ACA developing its own portability plan.
- There might be some dialogue that we need to have with the various parties to make sure we have a powerful position in how the portability plans is currently being described by the different entities.
- Looked at the issue of verification of hours, is it the initial license, how do we address the people that are currently in practice and do not met the licensure laws or requirements.

Group C Tennessee
- They appreciate the work that ACA staff is doing.
• Would like to see more education and possibly the use of technology to better educate us and our members on Tennessee.
• Came up with additional targeted groups who could support ACA’s position:
  o Looking at constituents in Chamber of Commerce
  o Religious Communities (Methodist Community)
  o Universities
  o Licensing Board in Tennessee
  o Other practicing professions, especially in the medical field; impact other practitioners
• Would like ACA to look at strategies of how we address this issue when we are in Tennessee for the 2017 Conference
• Looked at affirming ACA; want to put forward a motion:
  o The Governing Council re-affirms the support of the ACA staff and Government Affairs Committee in its efforts to defeat Tennessee HB1840.

Licensure Portability
1. Information could have been provided to us more in advance to allow us as individuals to look over some questions and come together as a group.
2. Discussed two existing proposals and finally decided that ACA should develop its own portability plan possibly using some of the components of the other plans:
   a. Existing individuals with licensure
   b. Consider rehab counselors
   c. Like to take a methodical use of time to discuss instead of rushing to come up with a specific plan and to logically think about what the best plan would be for portability

Group D
Tennessee
• We vigorously support ACA Code of Ethics
• Look at our budget going forward, consider our professional advocacy committee, do we need to devote additional resources, do we have enough money in the fund to hire additional lobbyist.
• Be more proactive rather than reactive
• Look at partnerships we have; and partnerships that we could have
• Ethical charges against ACA members who are actively engaging in things like reparative therapy
• Use media to make known and raise awareness of the issues and ACA’s responses
• Donations to our professional advocacy groups
• How do we continue to support counselors and counselor educators when states pass these laws

Licensure Portability
• Like Plan 2, that if you are licensed in good standing then you should be able to practice in all the states
• Is this a realistic goal at this time?
• Looking at state compacts as a smaller goal
• Continuing the conversation with AASCB and divisions
• Looking at license to practice independently and being aware that some states have two tiers
• Going forward, need to look at licensure issues

Group E
Tennessee
• Finding ways ACA can be part of the narrative and education for all
• Utilizing April Counseling Awareness Month and using not just for the month but expanding it throughout
• Full support of Art and his team; there is a need for us to trust the staff and their representation of us
• Expanding our network of support; go out into the business community that is effected by a boycott and the effect on their bottom line
• Religious communities that are in support of our initiatives
• Building coalitions, especially with insurance companies
• Adding a legal component, perhaps counter-suing organizations as part of the campaign
• Building coalitions with State medical association

Licensure Portability
• ACA needs to own this argument and create its own plan
• Create a task force
• 48-60 hours being a major component; it seems that the argument is about hours rather than core areas; change the narrative to be more about the quality of the education than the number of hours
• Standard legislation stays in the states
• How does ACA define what we want and then invite the other groups to join us
• Recognize and respect state criteria for granting licensure

Selection of Representatives to Executive Committee, Nominations and Election Committee, and Financial Affairs Committee

Executive Committee:
  Division: Michael Kocet
  Division: Judy Daniels
  Region: Melanie Drake-Wallace
  Under-Represented Group: Kent Butler

Nominations and Election Committee:
  Division: Niloufer Merchant
  Region: Michelle Kerulis

Financial Affairs Committee:
  Division: Simone Lambert
  Region: Diana Pals

Discussion Item – AASCB’s Portability Plan: Impact for ARCA Members

Paige Dunlap, the representative from ARCA, provided additional information on how the rehab counselors or other members that may feel disenfranchisement based upon the portability plan that is being put forth by AASCB. The AASCB plan did not specify how it would impact rehab counselors. The AASCB looks at the NCE or the NCMHCE exam. Rehab counselors are licensed by taking the CRC exam. A number of states will accept the CRC exam in place of the NCE or the NCMHCE exam. ARCA would like for the Governing Council to consider how the portability plan would effect rehabilitation counselors that were licensed in states that only required the CRC exam.
**Affordable Care Act Discussion**

It was moved by C. Roseman to refer the discussion of the Affordable Care Act to Executive Committee for further clarification from the Illinois Counseling Association. Without opposition, the discussion will be moved to the Executive Committee.

**Interest Network Applications**

It was moved by N. Merchant and seconded by M. Wallace that the Governing Council postpone the vote for the petition for the All Counselors Interest Network until the July 2016 meeting. Motion passed.

It was moved by S. Dreggs-White to grant recognition of the Gerontological Counseling Interest Network. This Motion did not receive a second therefore the vote did not move forward.

**Proposed Monetary Increases to Members**

It was moved by D. Osborn and seconded by A. Burkard that any proposed monetary increases to members (e.g., conference fees, membership dues, etc.) be accompanied by a rationale for the increase, how the specific dollar amount was determined, history of previous increases (when the increase occurred, the dollar amount, and the impact of that increase on product sales, attendance, membership numbers), a list of alternatives to increasing costs that were explored, and the benefits members can expect as a result of these increases.

Motion withdrawn and made as a recommendation to staff and Financial Affairs Committee.

**Motions that Substantially Impact Members**

It was moved by J. Daniels and seconded by S. Lambert that Motions that will substantially impact its members in areas which include but are not limited to impacting licensure, accreditation, and livelihood, the Governing Council will solicit input from the membership and provide an opportunity for a 30 day comment period from the membership.

It was moved by J. Daniels and seconded by S. Guild-Stitt to refer this motion to the Executive Committee. Motion passed.

**Motion to Request for Three Years of Test Results from NBCC**

It was moved by A. Burkard and seconded by J. Daniels that ACA request three years of test results (i.e., 2014-2016) from the National Board of Certified Counselors (NBCC) for the Counselor Preparation and Comprehensive Exam (CPCE) and National Counselor Exam (NCE) for CACREP and Non-CACREP programs to be used for an independent analysis of differences in test results to be shared at the July 2017 Governing Council meeting. Motion defeated.
Motion to Include Background Information and Historical References for Motions

It was moved by S. Lambert and seconded by J. Daniels that in the ACA Policies and Procedures Manual add an additional statement to the following policy: “Notification of Governing Council Members: The agenda item and/or motion should be sent to the Governing Council members prior to the Governing Council meeting so that the information can be read and the implications understood. ADD: “Background information inclusive but not limited to relevant motions and historical references will be provided for similar motions with sufficient time to process that information.”

Motion withdrawn and made as a recommendation to staff.

Motion to Reaffirms ACA Staff and Government Relation Committee

It was moved by M. Wallace and seconded by P. Dunlap that the Governing Council reaffirms its support of the ACA staff and Government Relations Committee in moving forth in efforts to defeat Tennessee House Bill 1840.

Motion passed.

Motion Regarding Governing Council Meetings

It was moved by D. Osborn and seconded by A. Burkard that if a second in person meeting of the Governing Council (the non-conference meeting) is held, that it be held at approximately 6 months from the conference GC meeting and that periodic/quarterly electronic meeting are structured to have substantive issue discussions beyond focusing on quarterly updates. Furthermore, that the members of the Governing Council will be tasked with specific work groups that address timely and current issues that the Governing Council is grappling with and these work groups are required to report back to the entire Governing Council at quarterly meetings.

Motion withdrawn and referred to the Financial Affairs Committee.

Items removed from the Consent Agenda

Division/Branch Bylaw Changes:

It was moved by J. Daniels and seconded by G. Lawson to approve the Bylaw Changes and to direct the Bylaws Committee to provide documentation that they have reviewed and changes are ready for endorsement.

Motion passed.

Motion to Appoint a Task Force

It was moved by K. Butler and seconded by J. Daniels that the Governing Council appoint a taskforce to examine ways that ACA may strengthen its position and decision making to ensure that it is the leader and in position of strength and influence to be the voice for the profession and determine the future of the profession.

It was moved by R. Smith and seconded by P. Francis to amend the Butler/Daniels Motion to remove the words “appoint a taskforce to.”

Motion passed.
It was moved by K. Butler and seconded by J.
