

The counseling profession and your clients matter. Be the change.

You are a professional counselor and your voice must be heard. Decisions are made every day in your state and federal legislatures. Many of these decisions can affect you, your profession, and the clients and students you work with.

Do you want to be a change-maker? Of course you do, because it is already built into your DNA to help people. Please be a voice for what matters to your profession. You are the subject matter expert. Legislators pay attention when they hear from their constituents. And, if they don't hear from you, they may make uninformed decisions.

ACA makes it easy to communicate with your legislators.

ACA uses Voter Voice to simplify the process for your contact with legislators about federal and state issues. Take a look at the most recent Voter Voice campaign. To find contact information for your elected representatives, scroll to the bottom of the [ACA Take Action page](#). Enter your street name and ZIP Code and you'll have all of the information you need to contact them. These can be your first steps in your advocacy journey.

Don't delay. Take action today.

Sign up today for Voter Voice alerts. Visit the [ACA Take Action Page](#). You can sign up in less than two minutes.

Have questions or want to support in other ways?

For additional information or for help on your advocacy journey, please contact your ACA Government Affairs and Public Policy team at advocacy@counseling.org.
