Dr. Myers allocated a portion of her time to permit Clemmie Solomon, Governing Council representative from AMCD, to address the group. This report did not call for any specific Governing Council action.

91B-15 - Regional Reports

Attention was called to the written reports from Regions. Midwest Region representative Bruce Dickinson asked to have a statement read into the Minutes in tribute to Dr. Walter Davidson, a former member of the Governing Council. That statement reads as follows:

Walt Davidson, a member of this Governing Council, died this last winter. Over the past ten years, I have had the privilege of knowing him as a colleague and friend. Walt was always willing to give of himself while sharing his knowledge and expertise with his students and others. His dedication and dignity of service to the counseling profession in Missouri, the Midwest Region, and AACC is an example to us all. More importantly, Walt's friendship helped me to understand the dignity and worth of the individual. His professional contributions may one day be forgotten but his friendship will be ever present. The true measure of a great
man is what he is, because he was what he was. Remember--For when you part from a friend, you grieve not: For that which you love most in him may be clearer in his absence as the lake to the swimmer is clearer from the shore.
Let us have a moment of silence as we remember Dr. Walter Davidson.....Thank-you.

91B-16 - CACREP

Dr. Joseph Kandor, Chair, and Dr. Carol Bobby, Executive Director, for the Council for Accreditation of Counseling and Related Educational Programs (CACREP), reported on activities of CACREP during the past year and on plans for the future. 91B-29 - Scotland Convention

President-Elect Marianne Mitchell briefly reported on the progress of arrangements for the proposed Scotland conference for the information of the Governing Council.

It was moved by J. Smith and seconded by Dickinson that: The appointments of Scotland Convention Coordinators not be ratified until a written document/plan supporting this international conference is presented and approved at the July, 1991, Governing Council. This plan should include: (1) Objectives and guidelines for the conference. (2) Rationale for holding a second conference in the British Isles within four years. (3) A description of how this conference will address issues of diversity. (4) Rationale for dates since the proposed dates conflict with the ASGA leadership conference. Motion defeated.

It was moved by Mitchell and seconded by Coy that: The Governing Council approve the appointment of the On-site Coordinator and State-side Coordinators as indicated in the February 1991 Executive Committee Minutes. Motion passed.

91B-30 - Developmental Approach Directorate

It was noted that the proposed position statement by Dr. David Emmerling has been received. It was recommended that President Myers disseminate the statement to appropriate persons and bodies for input, comment, and revisions. There was no Governing Council action indicated at this time.

91B-31 - Human Rights Directorate

91B-32 - International/Interprofessional Collaboration Directorate

It was moved by J. Smith and seconded by Noel that: The Governing Council accept the report of the International/Interprofessional Collaboration Directorate and request that they pay special attention to assisting the International Relations Committee to develop policy for international conferences and involvement. Throughout this document, there should be included, in a consistent manner, a statement regarding "particular attention to diversity". Motion passed.
91B-33 - Organization, Administration, and Management Directorate

It was moved by Perry and seconded by Helwig that: Recommendations 5.1 and 5.2 (Policy on Fund Raising) of the Organization, Administration, and Management Directorate be adopted. Motion passed (1 abstain-Solomon). The recommendations, as adopted, read as follows:

Recommendation 5.1: The Counseling and Human Development Foundation should have primary responsibility for fund-raising efforts of the Association.

Recommendation 5.2: The current practice of donation solicitation via membership form check-offs may be continued with the following stipulations:

(a) Membership form check-offs for donations should be limited to not more than five categories at any one time (e.g., Legal Defense Fund, Counseling and Human Development Foundation, etc.).

(b) Membership form check-offs for donations should be time specific at the time of approval (e.g., three years).

(c) Membership form check-offs for donations should only be approved for purposes which cut across the Association (e.g., Legal Defense Fund, Counseling and Human Development Foundation, AACD, etc.).

(d) Any proposal for such donation solicitation should include a detailed written rationale and proposal, accompanied by a specific implementation plan to be submitted to the Governing Council for approval.

91B-34 - Personal and Professional Development Directorate

The Governing Council noted the report from the Personal and Professional Development Directorate, but there was no action taken on this report.

It was moved by Komives and seconded by Hinkle that: The Governing Council accept the Professionalization Directorate report and commend the Directorate on their comprehensive and collaborative plan.

It was moved by Krieger and seconded by Herman that: The motion be amended to change the word "accept" to "adopt". Amendment passed (24 for; 3 against; 2 abstain).

Following further discussion of the motion and of the difference in intent between "accept" and "adopt", it was moved by Komives and seconded by Johnson that: The motion be tabled until later in the meeting after further subcommittee discussion. Motion passed, and the motion was tabled.
It was moved by Hinkle and seconded by Sweeney that: The Government Relations Committee (GRC) prioritize the action of having the term "counseling" added to the Public Health Services Act. It is suggested that the GRC give this immediate attention. Motion passed unanimously.

It was moved by Sweeney and seconded by Komives that: The Governing Council ask the Strategic Planning Committee to develop a statement of goals and objectives related to promoting greater representation of minorities among the pool of counselors in training and recommend the most appropriate committee within AACD for their implementation. Motion passed unanimously.

It was moved by Sweeney and seconded by Evenson that: The Governing Council request that the Executive Director incorporate activities related to professional advocacy and a research function as proposed in the Professionalization Directorate Strategic Goals and Objectives within the job descriptions of the proposed staff positions of the Director, Research and Grant Development (91B-113A) and Government Relations (Program) Coordinator Advocacy (91B-113B). Motion passed.

It was moved by Herman and seconded by Minor that: The motion to adopt the Professionalization Directorate report be removed from the table. Motion passed, and the motion was again on the floor.

Vote was then called for on the motion that: The Governing Council adopt the Professionalization Directorate report and commend the Directorate on their comprehensive and collaborative plan. Motion passed.

of the policy. Motion passed (23 for; 9 against—Solomon asked to be recorded as against). (The Policy on Grant Development, as adopted by this motion, is attached to these Minutes as Appendix A.)

91B-39 - AIDS Task Force

There was no Governing Council action regarding the AIDS Task Force at this meeting.

91B-40 - Awards Committee

The Awards Committee report was for information only and the Governing Council took no action on this item.

91B-41 - Battle Creek Plan Task Force

The Battle Creek Plan Task Force has been dropped so no Governing Council action was required.

91B-42 - Bylaws Committee

The report of the Bylaws Committee was noted, but there was no Governing Council action required. There are actions that relate to Bylaws under several other Agenda items and the Governing Council took appropriate actions as needed under those Agenda items.

91B-43 - Community/Agency Training Standards Task Force

It was moved by Hinkle and seconded by Saxton that: A final report from the Community/Agency Training Standards Task Force be submitted to the Governing Council at its July, 1991, meeting. Motion passed unanimously.

91B-44 - Convention Task Force

It was moved by Lampe and seconded by Coy that: AACD further investigate the proposal for biennial AACD conventions in terms of: (1) fiscal implications; (2) membership reaction; and (3) alternative during non-convention years (i.e., annual convention one year, international next, annual convention/divisional convention, etc.). A report is to be made at the 1992 Baltimore Governing Council meeting. Motion passed.

It was moved by Johnson and seconded by Lampe that: Regarding the Convention Task Force recommendations on STATEMENT OF PURPOSE OF CONVENTION, The purpose of the convention should be consistent with and reflect the goals of the Strategic Plan and provide a service to members in areas such as: Skill development; professional development; information provision; networking/interfacing; and business of the Association. Motion passed unanimously.
It was moved by Wigtil and second by Coy that: The Governing Council adopt the Convention Task Force recommendations on FORMAT OF CONVENTION, with the following exception: The convention to begin on a Friday and end on Monday or Tuesday; and with the following word changes: (1) Add after Format of convention sub-heading: "The format should be flexible enough to ensure that the strategic planning goals are imbedded in the program."; (2) Add word "further" between words "is" and "suggested" in first bulleted recommendation; (3) Add words "be the major presenter on more than one program" after the word "may" for second bulleted recommendation; (4) Insert word "some" between words "that" and PDI's in the third bulleted recommendation. Motion passed. The Format of Convention, as adopted by this motion, reads as follows:

FORMAT OF CONVENTION

The format should be flexible enough to ensure that the strategic planning goals are imbedded in the program.

It is further suggested that Division Presidents and Regional Chairs not submit proposals. It has become very difficult to find appropriate times for these busy people to present and, therefore, convention scheduling has been, of necessity, suiting individual needs rather than attendee needs. In addition, presidential proposals may also place undue pressure on the Division program chair.

It is suggested that no one may be the major presenter on more than one program. This gives more people an opportunity to attend and present.

It is suggested that some PDI's take place during convention dates. The value in this:
Reduce logistics and costs. We can use one set of counters, temp personnel, staff time and length of stay, AV costs.

Reduce the cost to the attendee. If a person wishes to attend PDI's and convention, he/she must stay an extra 2-3 days (plus per diem).

Provide a greater variety of depth and format for the convention dates. Gives more choice to an attendee who cannot stay 5-6 days.

Probable increase in PDI sales.

The argument that everything that takes place during convention should be included in the single registration price is not logical. Since we know most people register now for both, they are already paying for both. It would seem more beneficial to them if their lodging and per diem costs could be reduced.

It is further suggested that ancillary programs take place only before convention, before 9:00 a.m./after 5:00 p.m., or after convention.
It was moved by Wilgeroth and seconded by Wigtill that: The Governing Council adopt the "Convention Program" section of the Convention Task Force recommendations with the following deletions: (1) Under discussion (p. 5) delete point 2 "The Program Committee..."; (2) Under Recommendations (p. 6) delete point 6 "Division presidents...", delete point 7 "No one may...", delete point 8 "PDI's take...", delete point 9 "Ancillary programs...". Further, that the Governing Council adopt the "Leadership Workshop" section and the "Review, Evaluation, Selection of Program" section as presented. Motion passed. The recommendations, as adopted by this motion, read as follows:

CONVENTION PROGRAM

Discussion

The Convention Task Force suggests the following principles for program selection:

Program slots should be set aside for programs that have multidivisional interests. These programs should be presented to the Program Committee for review, and divisions should be urged to sponsor them if they do relate to interests of the division.

Standing Committees should have the opportunity to have time slots in the program for the convention, using the program time frame.

A number of program slots should be reserved for popular presenters.

Call for Programs should be issued as early as possible so that adequate consideration can be given to developing the content of the convention. Programs should be sought at least a year in advance.

There is a need to improve promotion for the soliciting of programs and continued effort to seek diversified programs.

All that can be done to improve content programs at the convention that recognize varied interests should be implemented.

All communications regarding programs should be sent by headquarters staff to the presidents of divisions and to division convention program chairs.

There should be an in-person meeting of program chairs with the Convention Committee.

There is a need by the Convention Committee to have a listing of division committee people.

Recommendations

Timetable for solicitation, selection and approval should be as follows:

March 1....................Call
August 1....................Due Date
October 31..............Final Selection

Appropriate AACD staff members attend the primary program chair meeting in which all program proposals are brought forward.

Convention staff make available information for planning division activities to division presidents and presidents-elect at the Annual Leadership Meeting.

All committee submissions must come through the committee chair with that person's sign-off.
All ancillary programs must come through the respective division president with that person's sign-off.

Convention Task Force member Tom Hosie will redo suggested format for submission to Governing Council. Governing Council is requested to review the above described format, name an appropriate group for further refinement, revamping, and adopt guidelines for convention program allocation. This format will be included in the Convention Manual.

LEADERSHIP WORKSHOP

Recommendation

Notification to state branches regarding award application include copies of the evaluation forms for the respective awards in order to insure that award proposals are appropriate and only qualified nominations are submitted.

REVIEW, EVALUATION, SELECTION OF PROGRAMS

Discussion

There should be an article each year in the Guidepost that addresses program selection. This should also be brought to the attention of divisional presidents so that they may communicate their ideas to their members.

In order to assure fairness to all program proposals, the Convention Task Force encourages all program reviewers to outline their criteria for review of program proposals. This would ensure diversity, as well as allow programs to be scheduled on merit.

It was moved by Lampe and seconded by Wigtill that: In relation to the Convention Task Force report section on Formula for Allocation of Convention Time Slots, that AACD staff be directed to conduct a study and develop a report for the July, 1991, Governing Council on the effect of multiple division memberships of attendees being reflected in the allotment of program time slots. Motion passed.

It was moved by Coy and seconded by Lampe that: In relation to the Convention Task Force report section on Related but Unofficial Group Involvement, that AACD staff be directed to develop a report for Governing Council reaction regarding the participation of related but unofficial groups in the AACS Convention. Motion passed.

It was moved by Johnson and seconded by Lampe that: In relation to the Convention Task Force report section on Software Festival, that an assessment of participation in the Software Festival be done to evaluate if the time, personpower, and cost warrant this activity. Motion passed.

It was moved by Wigtill and seconded by Coy that: The Convention Task Force recommendations on Human Rights Concerns be approved. Motion passed. The recommendations as approved by this motion are as follows:

HUMAN RIGHTS CONCERNS

Recommendations

The programs of the annual convention be monitored to assure that all underrepresented groups are addressed.
It is especially critical to recruit minority speakers and
topics of interest to such groups.
Publicity efforts be targeted at such groups.
Conduct HRC Human Rights Awareness Training at the State
Branch Leadership Day.
Special Skills Sessions, PDIs, or workshops be planned for
Baltimore on Human Rights and Local Advocacy, Homeless, and Black
Women.
Promoting programs through publicity: press releases,
Guidepost, and attendance by HRC members to develop ideas for the
following year.
Recruitment of future programs through the HR survey results,
a resource catalog, and suggestions of names of AAACD members who
specialize in diversity issues.

It was moved by Wigtill and seconded by Johnson that: The Governing
Council approve the proposal on allotment of time slots for convention
as proposed by the Convention Task Force and as amended by the
Governing Council. Motion passed. The Proposal on Allotment of Time
Slots for Convention, as adopted, reads as follows:
Recommendation A: That 80% of available content convention time
slots be assigned to Divisions for programming, as determined by
the following formula:
\[
\text{allocation} = \frac{\text{DHZ} + \text{DAZ}}{2} \times \text{time slots}
\]
Rationale: By giving equal weight to Divisional membership
and Divisional convention attendance, better balance is
achieved and convention attendance is recognized as an
equally important aspect of programming assignment.
Recommendation B: That 20% of available content convention time
slots be assigned to AAACD total membership for programming, with
programming emphasis on the common bonds of membership identity,
as opposed to Divisional and Regional identity.
Rationale: By recognizing that the membership of AAACD share
common interests in addition to the specific interests of
their Division affiliations, the opportunity exists for
developing AAACD membership identity. This does not mean that
Regions will be involved in the program selection.

91B-45 - Disaster Preparedness Task Force

It was moved by Donovan and seconded by O'Bryant that: The Disaster
Preparedness Task Force be asked to provide a list of skills,
bibliographic materials, and training opportunities to the Governing
Council by the July, 1991, Governing Council meeting. Motion passed.

91B-46 - Division Affiliation/Dissolution Guidelines Committee

Material received on this Committee was noted, but there was no
Governing Council action indicated at this point.
91B-47 - Ethics Committee

It was moved by Saxton and seconded by Hinkle that: The Governing Council accept the report of the AACD Ethics Committee but suggest that the Executive Director consider appointing a current staff member with specific support responsibilities to this committee. Motion passed unanimously.

91B-48 - Exhibits Task Force

It was moved by Lampe and seconded by Coy that: The AACD Exhibits Task Force develop guidelines for the acceptance of exhibitors at the national convention, with a report to be made by the July, 1991, Governing Council meeting. Motion passed.

It was moved by Wilgeroth and seconded by Footman that: The Governing Council accept the recommendations of the Exhibits Task Force and further recommend that additional investigation continue to expand exhibitor and convention participant interaction. Motion passed.

91B-49 - Financial Affairs Committee

The report from the Financial Affairs Committee was noted, but there was no Governing Council action required on this item.

91B-50 - Gay, Lesbian and Bisexual Issues Committee

The report of the Gay, Lesbian and Bisexual Issues Committee was for information only and no Governing Council action was taken.

(2) A moratorium has been declared on planning other international conferences until a policy is in place. (3) Recognizing the need to support international activities emphasizing cultural diversity, AACD will support in mutually agreeable ways (Guidepost articles, registration information, etc.) the AMCD 1992 conference in West Africa. **Motion passed.**

**91B-55 - Library Task Force**

91B-57 - Media Committee

It was moved by Garfield and seconded by Rotter that: The Governing Council adopt the recommendations of the Media Committee as stated in the March 18, 1991, memorandum which includes: (1) Media efforts of the Association be considered a not-for-profit activity of the Association and that revenues in excess of expenditures be used to expand media services and/or products or to reduce costs to members of consuming such services and/or products. (2) The emphasis of AACD media should be on the development, production, and distribution of innovative products that represent the best current research and knowledge on issues of immediate relevance to the members of the Association and their clients. (3) The intended audience for the products and services of AACD media should be professional counselors, human development specialists, and their clients, who are consumers of counseling services. Motion passed.

It was moved by Garfield and seconded by Rotter that: The Governing Council endorse the proposal to publish a professional magazine for the Association and charge the Media Committee to determine how to best produce the magazine within the Department of Professional Publications and Communications budget. Also the Media Committee is charged to devise procedures to assure a balanced representation of copy in the magazine across the various entities of AACD, with a report to the Governing Council at the July, 1991, meeting. Motion passed.

It was moved by Garfield and seconded by Rotter that: The Governing Council approve the reduction of the Guidepost to twelve (12) monthly issues plus two or three special issues, e.g., the election issue, convention issue, officers directory issue. Motion passed.

91B-58 - Membership Committee

It was moved by Shalls and seconded by Jepsen that: The AACD Governing Council adopt the "Declaration of Need" program as recommended by the AACD Membership Committee with the following modifications/recommendations: Section 1: (To read now) Any AACD member in good standing for five years may apply for a non-renewable waiver of dues for one fiscal year. Section 2b: Recommend that the Membership Committee and appropriate staff develop specific criteria that will define the term "official documentation of their need" in this section. Section 3a: (To read now) An AACD member in good standing for three years may request a special dues reduction to an
amount equivalent to the graduate student membership for a period of one fiscal year. At the conclusion of the year, the AACD member may apply for continuation of this reduction by re-documentation of their continuing need. This application may be applied for annually. The appropriate Division(s) will be notified of the decision by AACD to reduce dues in each instance. Motion passed (1 abstain). The policy as adopted by this motion reads as follows:

**DUES REDUCTION PROGRAM**

1. Any AACD member, in good standing for five years may apply for a non-renewable waiver of dues for one fiscal year.

2. AACD members requesting a special dues reduction under the terms of the AACD "Dues Reduction Program" will need to satisfy the following prerequisites:

   (a) The AACD member will fill out a "Declaration of Need" citing specific reasons for their request (i.e., illness, loss of employment, disability, etc.).

   (b) The AACD member must include appropriate official documentation of their need. (The Membership Committee and appropriate staff will develop specific criteria that will define the term "official documentation of their need".)

3(a). An AACD member in good standing for three years may request a special dues reduction to an amount equivalent to the graduate student membership for a period of one fiscal year. At the conclusion of the year, the AACD member may apply for continuation of this reduction by re-documentation of their continuing need. This application may be applied for annually.

3(b). An AACD member whose request for a special dues reduction is denied may appeal that decision directly to the AACD Executive Committee. The decision of the AACD Executive Committee will be binding.

4. The decision to grant or deny a special dues reduction will be made by the AACD Director of Membership Development. In his/her absence, the decision will be made by the AACD Executive Director. In the event that neither the AACD Director of Membership Development or the AACD Executive Director are available to make a determination, the decision will be made by the Chair of a Standing Membership Committee.

5. Copies of letters granting or denying a special dues reduction will be sent to the Chair of a Standing Membership Committee.

6. All AACD members requesting a special dues reduction will receive a copy of this policy as approved, and appropriate forms for documenting their declaration of need.

7. The appropriate Division(s) will be notified of the decision by AACD to reduce dues in each instance.

It was moved by Jeppesen and seconded by Helwig that: The request of the Membership Committee that the Association conduct 200 telemarketing
hours be referred to the AACD Executive Director to develop a recommendation to be presented to the Governing Council in July, 1991. Motion passed unanimously. (It was noted that this is a one time membership follow up.)

It was moved by Hayes and seconded by Helwig that: Recognizing that 25% of AACD members are students, and further recognizing that a substantial portion of these members discontinue their membership upon graduation, the Governing Council directs that the Membership Committee be charged with the development of a video designed to explain the advantages of membership in AACD as a counseling and human development professional and to encourage their continued membership and active participation in the Association. Motion defeated (14 for, 15 against, 5 abstain).

91B-59 - Men, Committee on

The report from the Committee on Men was for information only and no Governing Council actions were taken on the report.

91B-60 - Nominations and Elections Committee

It was moved by Garfield and seconded by Rotter that: The Governing Council accept the report of the Nominations and Elections Committee and commend them for their work during the year. Motion passed.

91B-61 - Professional Advocacy Committee

It was moved by Saxton and seconded by Weikel that: The Governing Council accept the Professional Advocacy Committee report. Motion passed.

91B-62 - Region Reform/National Leadership Training Task Force

Dr. Cynthia Johnson, Chair of the Regional Reform Task Force, reported to the Governing Council on the recommendations of the Task Force, and there was considerable discussion of the report.

It was moved by Coy and seconded by Wigtill that: The Governing Council adopt the recommended process for election of Regional representatives from the general AACD membership as presented in item "I" of the Task Force report. Motion passed unanimously. The process, as adopted by this motion, reads as follows:

Two candidates for the position of Regional Representative be nominated by each Region at their meeting at the National Convention. Each state within the region will have one vote to select these nominees. Candidates for election must be, or have been a State Branch President within the past three years. AACD members within the Region will then vote to determine which of these two candidates will represent their Region on the Governing
Council. The AACD campaign rules will govern this election. The primary role of these representatives will be to involve State Branches more directly in governance.

It was moved by Footman and seconded by Wilgeroth that: The Leadership Development Model and the budgets and activities of the Region should all be linked to the AACD Strategic Plan and the strategic plans of the states and national Divisions. These plans should accompany the plans of action and budget requests. Following considerable discussion, it was agreed to refer this topic to a subcommittee to attempt to re-write the motion.

It was moved by Johnson and seconded by Wilgeroth that: Items II (Budget Allocation Process), IV (Leadership Development), and V (Regional Role) be referred back to the Task Force on Region Reform and that a report be presented to the July, 1991, Governing Council. Motion passed (33 for; 2 against).

It was moved by Wilgeroth and seconded by Johnson that: The Governing Council adopt Recommendation VI (State Branch and Division Relationship) of the Task Force on Region Reform, with the change from LDI (Leadership Development Institute) to LDM (Leadership Development Model). Motion passed unanimously. The recommendation, as adopted, reads as follows:

AACD shall seek out successful organizational models from States that have established a collaborative and supportive environment with their State Divisions. For example, what kind of organizational structure facilitates State Division and State Branch collaboration? The LDM (Leadership Development Model) could be used as a forum for the development of better working relationships between Branches and Divisions, and the Regional Forums could address this issue and begin to seek ways that enhance effective State Branch/State Division collaboration.

It was moved by Shallis and seconded by Perry that: The budget and activities as shown in the Regional Plans of Action should all be consistent with the AACD Strategic Plan. Motion passed.

It was moved by Shallis and seconded by Hayes that: Regional allocation not be referred back to the Region Reform Task Force. Motion passed. (The intent of this motion was that the topic of Regional allocation is not to be included in items referred by the Governing Council back to the Region Reform Task Force.)

91B-63 - Roles and Expectations of AACD Presidents Committee

It was felt that this topic needs to be further deliberated and the request was made that it be placed on the Agenda for the July, 1991, Governing Council meeting. No action was taken at this meeting.
91B-64 - School-Based Developmental Counseling and Guidance Committee

It was moved by O'Bryant and seconded by Noel that: All the committees and task forces be combined into one AACD Committee on School-Based Developmental Counseling and Guidance and that the AACD Committee Chair submit an action plan with budget to the July, 1991, Governing Council. Motion passed.

91B-65 - Strategic Planning Committee

Dr. Wanda Lipscomb, Chair of the Strategic Planning Committee, reported on the Committees report and recommendations for the Governing Council. This report was discussed at length, and Dr. Lipscomb discussed each recommendation individually, and responded to a number of questions concerning them.

It was moved by Perry and seconded by Jepsen that: The Governing Council adopt Recommendation One of the Strategic Planning Committee as amended: to insert in the last sentence between "individual" and "may serve" the words "elected from the Governing Council". Motion passed. Recommendation One, as adopted by this motion, reads as follows:

RECOMMENDATION ONE: AACD EXECUTIVE COMMITTEE COMPOSITION

The recommended composition of the AACD Executive Committee effective July 1, 1992 is as follows: President, Immediate Past President, President-Elect, two (2) members of the Governing Council, Treasurer (ex officio), and the Executive Director (ex officio). The two members of the Governing Council will be elected annually at the first Governing Council meeting of the fiscal year to serve a one year term. An individual elected from the Governing Council may serve as a member of the Executive Committee for no more than two (2) consecutive one year terms.

It was moved by Shalls and seconded by Jepsen that: The Governing Council adopt Recommendation Two of the Strategic Planning Committee with the addition of the Past President at the end of both sentences. Motion passed. Recommendation Two, as adopted by this motion, reads as follows:

RECOMMENDATION TWO: COMMUNICATIONS

The Strategic Planning Committee recommends that the AACD President be required to copy the President-Elect, the President-Elect-Elect, and the Past President on all correspondence to enhance communications among the elected officers. Furthermore, the President-Elect should copy the President, the President-Elect-Elect, and the Past President on all correspondence.

It was moved by Helwig and seconded by Jepsen that: The Governing Council adopt Recommendation Three of the Strategic Planning Committee. Motion passed. Recommendation Three, as adopted by this motion, reads as follows:

(b) The Strategic Planning Committee recommends that an annual survey be sent to all units of AACD including Committees, Divisions, Regions, and State Branches to gather further information regarding internal and external scanning. This survey should be distributed jointly by the President-Elect and the SPC Chairperson to gather information to be used in formulating future strategic plans. The SPC requests that the Executive Director be charged with summarizing the survey data for presentation to the Strategic Planning Committee and participating units.

(c) The Strategic Planning Committee recommends that the current AACD Committee Report Form be redesigned to include planning information which can be used by future Strategic Planning Committees.

It was moved by Perry and seconded by Jepsen that: The Governing Council adopt Recommendation Five of the Strategic Planning Committee as amended: (a) Delete last sentence of first paragraph ("In addition...tasks of the Committee."). (b) Add: Each new standing committee shall designate a steering committee not to exceed more than one-third (1/3) of its membership. AACD will fund travel, housing, and per diem for steering committee members only without prior approval of the Governing Council. Smaller subcommittees can be formed to complete specific tasks of the committee. (c) Add to the beginning of sentence two, paragraph two, "Although" our intent... (d) Add to the end of sentence two, "it is important to be fiscally responsible by delegating tasks to subcommittees". Motion passed (22 for; 8 against; 4 abstain).

Recommendation Five, as adopted by this motion, reads as follows:

RECOMMENDATION FIVE: PROPOSED COMMITTEE STRUCTURE TO SUPPORT IMPLEMENTATION OF THE STRATEGIC PLAN

The Strategic Planning Committee conducted a comprehensive review to the current committee structure and directorate structure. We have a series of recommendations concerning future Committee Structure and membership. We understand that the AACD Bylaws must be amended in order to implement such a structure. However, we assert that these are necessary changes for the Association's implementation of the Strategic Plan.

(a) The Strategic Planning Committee recommends the creation of the new Standing Committees for each of the Fundamental Purpose Areas listed below which will encompass a broad Association membership to include: three members-at-large (one appointed by each new President for a three-year term) and one (1) member representing each Division and Region. Each region and division would be asked to submit a minimum of two (2) nominees for each available position. The Chairperson will be appointed from among the committee members by the AACD President. Each Committee will thus have twenty-three (23) members reflecting the diversity of the Association.

Human Rights Committee
International/Interprofessional Collaboration Committee
Professionalization Committee
RECOMMENDATION THREE: AACD DIRECTORATES AND COMMITTEE STRUCTURE

The Strategic Planning Committee recommends the dissolution of Directorates after the 1990-91 fiscal year. This recommendation was discussed and the pros and cons were reviewed. There was unanimous support given to the concept of committees based upon the fundamental purpose areas. In addition, the very strong desirability to generate a structure which allowed more divisional and regional representation on AACD committees was a determining factor in the present recommendations. However, there was some concern about the Directorate structure which involved Standing and Special Committees relating to a super "special committee". This recommendation is not meant to reflect a lack of support for a different committee structure. The Strategic Planning Committee recognizes that several Directorates have done a considerable amount of work during the 1990-91 year. We encourage the AACD leaders to involve the members of the current Directorates in any new structure to ensure continuity. Furthermore, we do recommend a specific structure later in this report which will require a Bylaws change. Due to time restraints, we recognize that this may necessitate the continuance of the Directorate structure through the 1991-92 fiscal year. The proposed new committee structure recommended later in this document will provide the functions covered by the Directorates and involve the elimination of special committees.

It was moved by Jepson and seconded by Helwig that: The Governing Council adopt Recommendation Four of the Strategic Planning Committee with the following changes: Under (b) add "all units of AACD including committees, divisions,..." and add "and participating units" at the end of sentence, following "...to the Strategic Planning Committee". Motion passed. Recommendation Four, as adopted by this motion, reads as follows:

RECOMMENDATION FOUR: INTERNAL AND EXTERNAL SCANNING AND MONITORING

(a) The Strategic Planning Committee recommends that the Executive Director be charged to gather, review and summarize existing internal monitoring data for the Strategic Planning Committee annually. A report should be submitted each year which includes and is not limited to the following:

- Convention Attendance Statistics
- Convention Evaluation Summary
- PDI Attendance Statistics
- PDI Evaluation Summaries
- Review of Convention Program Topics and Areas
- Review of PDI Program Topics and Areas
- Membership Surveys
- Guidepost Questionnaire Summaries
- Review of JDC articles and topics
- Review of AACD publications
- 500 number request summaries
- Governing council resolutions.
Professional Development Committee
Public Awareness and Support Committee
Public Policy and Legislation Committee

Furthermore, to the degree possible the Strategic Planning Committee recommends that these committees be fully funded by AACC. Although our intent is to have broad Association input to all primary committees driven by the strategic plan and to also promote communications and support for each area across the major entities of the Association, it is important to be fiscally responsible by delegating tasks to subcommittees.

Each new standing committee shall designate a steering committee not to exceed more than one-third (1/3) of its membership. AACC will fund travel, housing and per diem for steering committee members only without prior approval of the Governing Council. Smaller subcommittees can be formed to complete specific tasks of the committee.

(b) The Strategic Planning Committee recommends that the Administration, Organization, and Management Committee include three (3) members at large (one appointed by each new President for a three-year term) and the current Presidents of divisions and organizational affiliates and Chairs of the regions. The Chairperson will be appointed from among the committee members by the AACC President. The AACC Executive Director and President will serve as ex-officio members. This recommendation evolved out of a concern that we needed to have a more specific and integrated role for the leaders of the major entities of the Association. This will not only further communications, but also provide more opportunities for interactions around the well being of the entire Association.

(c) It is recommended that the Developmental Approach Committee and Research and Knowledge Committee each include six (6) members at large. (During the initial year of implementation, we propose that four members be appointed by the President and two members by the President-Elect. Two of those appointed by the President will be appointed for a one-year term and two will be appointed for two-year terms). The Chairperson will be appointed from among the committee members by the AACC President. The members appointed to these committees will be required to have the appropriate expertise in the field.

(d) The Strategic Planning Committee recommends the continuation of the following AACC Standing Committees with no change in their current composition or charge:

- Nominations and Elections Committee
- Financial Affairs Committee
- Ethics Committee
- Strategic Planning Committee (composition and function as approved by the 9/90 AACC Executive Committee).
It was moved by Jepsen and seconded by Helwig that: The Governing Council adopt Recommendation Seven from the Strategic Planning Committee report, with the following changes: (a) Delete "the Media Committee and" from 9A. (b) On the Professionalization Committee add, "the Chair of the Ethics Committee would serve as an ex officio member of the Committee". Motion passed. Recommendation Seven, as adopted by this motion, reads as follows:

RECOMMENDATION SEVEN: RECOMMENDED MOTION FOR EXECUTIVE COMMITTEE/GOVERNING COUNCIL TO CLEARLY DELINEATE COMMITTEE CHARGES AND MEMBERSHIP

The Strategic Planning Committee recommends that the Standing Committees whose charges and membership are not clearly delineated in the revised AACP Bylaws function as listed on Attachment B. (The Attachment B, as referred to in this motion, is attached to these Minutes as Appendix C.)

It was moved by Helwig and seconded by Hayes that: The Governing Council adopt Recommendation Eight (Proposed New Committee Appointment Process) as outlined in Attachment C of the Strategic Planning Committee report, pending a Bylaws change. Motion passed. Recommendation Eight, as adopted by this motion, reads as follows:

RECOMMENDATION EIGHT: PROPOSED NEW COMMITTEE APPOINTMENT PROCESS

The Strategic Planning Committee recommended to the Executive Committee in January 1991 that the proposed process for the initiation of the new Committee appointment process begin for the 1991-92 year as outlined in Attachment C. However, the Strategic Planning Committee recognizes that this recommendation would only be valid or possible if there was an accompanying Bylaws change. Since the earliest time for a change in the Bylaws to occur is during the 1991-92 year, we do recognize that this action may have to be delayed until the 1992-93 year. [Attachment C (Proposed New Committee Appointment Process) referred to in this motion, is attached to these Minutes as Appendix D.]

It was moved by Helwig and seconded by Jepsen that: The Governing Council adopt Recommendation Nine of the Strategic Planning Committee. Motion passed (1 abstain). Recommendation Nine, as adopted by this motion, reads as follows:

RECOMMENDATION NINE: CRITERIA FOR DIVISIONS

The AACP Governing Council and Executive Committee requested the Strategic Planning Committee to consider the present membership requirements for AACP divisional status. The Strategic Planning Committee discussed the pros and cons of a change from the current requirements and offer the following recommendation: AACP Divisions be required to have a minimum of 1,500 members. Furthermore, the Strategic Planning Committee recommends that any Division or Organizational Affiliate currently seeking Divisional Status will be required to reach this membership level within three years after the approval of such a Bylaws amendment in order to qualify as an AACP Division. The Strategic Planning Committee did not take actions on other governance issues.
It was moved by Jepsen and seconded by Shalls that: The Governing Council adopt Recommendation Ten from the Strategic Planning Committee. Motion passed. Recommendation Ten, as adopted by this motion, reads as follows:

RECOMMENDATION TEN: STRATEGIC PLANNING GOALS FOR 1991-94

The Strategic Planning Committee recommends the review of the initial prioritized list of the twelve strategic planning goals for 1991-1994. This list was developed by a forced choice process representing the views of the Strategic Planning Committee members only. There was general discomfort in attempting to prioritize the twelve goals delineated in the 1991-1994 Strategic Plan. We attempted to do so based on the July charge of the AACD Governing Council. The Strategic Planning Committee accepts the recommendation of the AACD Executive Committee (1/91) that the list of goals be considered in a sequential ordering versus a hierarchical ordering. The Committee viewed all the goals as critical to the development of our Association. Several of the goals represented activities which the Strategic Planning Committee felt had to be met sequentially before others. This does not mean to reflect that some goals are more desirous than others, but rather practically and logistically some will need to be met before others. The Strategic Planning Committee recognizes that this will be our very first plan which will be annually updated. Therefore, there are organizational issues and membership development and support issues which may have to initially take precedence over other areas. The accompanying 1991-94 Strategic Plan was developed with the understanding that we will begin work in all areas in 1991-92.

The Strategic Planning Committee further recommends that the Executive Committee, Presidents-Elect, Chairpersons-Elect, and Governing Council members be involved in any prioritization of strategic planning goals to ensure a broad range of input.

(The 1991-1994 Strategic Planning Goals are attached to these Minutes as Appendix E.)

It was moved by Shalla and seconded by Jepsen that: The Governing Council adopt the 1991-1994 Strategic Plan as recommended in Recommendation Eleven of the Strategic Planning Committee. Motion passed. Recommendation Eleven, as adopted by this motion, reads as follows:

The Strategic Planning Committee recommends the approval of the 1991-1994 Strategic Plan as submitted to the AACD Governing Council. The Strategic Plan includes the Nine Fundamental Purpose areas approved by the AACD Governing Council in July 1990. For each Fundamental Purpose the plan includes: problem statement, need, and goal(s) with accompanying objectives and tasks. The final version of the plan to be completed by June 30, 1991 will also include a delineation of the specific resources, time lines, personnel and assessment for each of the objectives.
It was moved by Hayes and seconded by Jepsen that: The Governing Council moves to refer to the Bylaws Committee the following recommended Bylaws changes. To adopt the Strategic Planning Committee's recommendations for Bylaws changes as presented in Attachment A of the Committee's report with the following modifications: (1) Add the word "media" in Article XII, Section 1, line two following the word "Affairs;" (2) Delete "delete" in Section 2(h) and add the words "Change to (c). Otherwise leave as is." (3) Change "c" to "d" in Section 2(i). (4) Change "(d) Strategic Planning Committee" to "(e) Strategic Planning Committee". (5) Change Section 3(a) to 3(b), otherwise leave as is. (6) Change Section 3(b) to 3(c), otherwise leave as is. Motion passed. (The recommended Bylaws changes, as modified by this Governing Council action, are attached to these Minutes as Appendix F.)

It was moved by Jepsen and seconded by Hayes that: The Governing Council moves to refer to the Bylaws Committee the following recommended Bylaws change: 7. Change Section 3(a) to read: "Members of the following Committees: Human Rights, International/Interprofessional Collaboration, Professionalization, Professional Development, Public Awareness and Support, and Public Policy and Legislation, serving in their second year and not to exceed one-third of the members, shall constitute a steering committee. The Chair will be appointed by the President. Motion passed.

91B-66 - Testing, Committee on

It was moved by Weikel and seconded by Saxton that: The Governing Council accept the report of the Committee on Testing and recommend that the Committee be added to the list of responsible parties for Goal 5 of the AACP Ethics Committee and recommend that the Committee on Testing Working Group on Ethics enter the process at stage 6 in July of 1991. The Governing Council further supports the request that Joint Committee on Testing Practices (JCTP) representatives be approved for two-year tenures. Motion passed.

91B-67 - Women, Committee on

The report from the Committee on Women was for the information of the Governing Council and no actions were taken on this report.
