Needs

1. Information regarding the professional development needs of members, including graduate students.

2. A comprehensive (beginning, intermediate, and advanced) continuing education program.

3. A comprehensive leadership training program

Goal A

Objective 6
Encourage the offering of professional activities for members on the topic of the developmental approach to counseling through the life span in order to help members become more effective agents of change.

Problem Statement
The public has a narrow perception of the scope of counseling. There is limited public support for counseling in (a) government, (b) public and private sectors, (c) business and industry, and (d) foundations. Objective 1

Involve appropriate AACD entities in projects.

Objective 2

Seek opportunities for collaboration with other organizations.

Motion passed. (The Professionalization Committee Report of December 1991, as referred to in this motion, is attached to these Minutes as Appendix D.)
It was agreed that the Strategic Planning Committee Chair should be directed to incorporate this material into the Strategic Plan for 1992-1995 before the plan is published.

42., 90. and 103. Nominations and Elections Policy

It was moved by Nixon and seconded by Allen that: The following changes be made to the Nominations and Elections Policy: (1) That the following sentence be deleted: "Violations of deadlines for receipt of candidacy information subjects the candidates to being declared ineligible" (page 6-19.7 G); (2) That the word "substantive" be deleted from the following sentence in the Policy: "Candidates must be called about any substantive changes in their statements (page 7-19.8 A4); (3) That the following sentence in the Policy be deleted: "The Guidepost staff may make minor editing changes with the approval of the Nominations and Elections Chair prior to publication (page 7-19.8 A5). Motion passed.

It was moved by Locke and seconded by Allen that: The Governing Council approve the changes in Nominations and Elections Policies and Procedures as recommended in the March 23, 1992 memo to the Governing Council from the Nominations and Elections Committee Chair, with the following changes: (1) Add Section 19.4 - Create a Nominations and Elections Handbook which will include all policies from Section 19.5 to end of document; (2) Remove 19.7B; (3) Change 19.7G to read "Only biographical information, photos, or goals statements received by the deadline will be published or distributed."; (4) In 19.8B change "100" to "200"; (5) In 19.12G remove "delete first sentence". Information for AACD Presidential candidates only will be enclosed with the ballot.

There was considerable discussion of the pros and cons of the Hare system, of various modified types of the system, and of various ramifications of changing to this system. After a lengthy discussion, it was moved and seconded that: The question be moved (vote taken on the motion). Motion passed.

Vote was then taken on the motion that: The Governing Council adopt a modified Hare System for the election of ACA President, effective with the 1993 Presidential Election, with successive ranking of candidates until all are rank ordered. Information for AACD Presidential candidates only will be enclosed with the ballot. Motion passed (2 against). (The Hare System as provided for in this motion is described as follows: Please rank order your votes by preference. If no candidate receives a majority of the votes cast on the first count, the
Association's bylaws specify the use of the Hare System. This system is designed to simulate a situation in which a new election is held after the candidate with the fewest votes is eliminated. Presumably the voters whose first choice was eliminated would now vote for their second choice. The procedure successively eliminates candidates until all candidates have been rank ordered. Therefore, rank ordering of the candidates does not diminish your vote for your first-choice candidate.

99. Strategic Planning Cycle

It was moved by Hayes and seconded by Rotter that: The Governing Council accept the proposed Strategic Planning Cycle to begin with the current convention meeting. Motion passed. (The Strategic Planning Cycle, as accepted by this motion, is attached to these Minutes as Appendix E.)

TO: AACD Governing Council
FROM: Dr. Martha Atkinson, President
       European Branch
DATE: March 26, 1992
On behalf of the BOG and membership of the European Branch, I would like to bring the following to your attention in order to seek your support in resolving these difficulties:

1. While the Bilateral Conference in Edinburgh, Scotland has been scheduled in our "state", we have been given no active role in this conference. We requested to participate over a year and a half ago when the planning was in the initial phases. We have repeatedly stated by mail our desires and have had no response.

2. Mail can take up to three weeks to reach us in Europe. We receive mail after or near suspense dates -- example, call for photos of state branch activities to be displayed at this national convention.

3. European branch members have difficulty attending regional assemblies due to time/expense involved. This means limited participation and voice in regional and national affairs and disenfranchises us.

4. In the past the European Branch has enjoyed recognition, support, and cooperative efforts with our national and regional organizations. We hope to continue to enjoy fruitful relationships.

NEW BUSINESS - Immediate Action for Public Health Services Act

It was moved by Hinkle and seconded by Herman that: The Governing Council direct the President to direct the Government Relations Committee to take immediate action to insert the word "counseling" in the Public Health Services Act and immediately take action leading towards this Act's introduction in Congress. Motion passed.

NEW BUSINESS - Interpretation of Legislative Language

It was moved by Sweeney and seconded by Herman that: The AACD policy adopted in April 1991 which states "the term professional counselor be adopted as the standard language...in future legislation" be interpreted to allow the staff to continue to support those bills which were proposed or introduced prior to adoption of the motion including when such bills are reintroduced in a new Congressional session if the Executive Committee, after consideration, determines that proposing changes would be a disadvantage to passage of the legislation. Motion passed.

Referral of Motions

It was moved by Footman and seconded by Carlson that: With the exception of the items requested by Locke (No. 48) and O'Bryant (No. 24), the remaining items not acted upon be requested to be referred by the person generating the motion to one of three alternatives: (1) to the Governing Council September meeting, (2) to the Executive Committee, or (3) to Committees which should take action in the interim. Motion passed (4 against, 1 abstain).
48. International Conference Proceedings

It was moved by Minor and seconded by Hulse-Killacky that: The following minimum criteria be adopted for International/Bilateral Conferences and that the issue be referred to the International Committee for amplification and clarification.

1. A proposal for any international conference of AACD shall be developed and reviewed by the Interprofessional/International Committee prior to implementation of conference plans.

2. The Governing Council will consider international conference plans upon recommendation by the Interprofessional/International Committee and prior to implementation of conference plans.

   c. U.S. conference chair/co-chair name, affiliation, and qualifications
   d. co-chair from country of proposed site, affiliation and qualifications
   e. members of conference committee representative of AACD divisions and regions
   f. description of actions taken/proposed to assure bilateral conference
   g. description of language barriers and steps to overcome them:
      (1) development of conference materials in multiple languages
      (2) simultaneous translation of conference presentations
      (3) availability of translators for keynote and discussion sessions
   h. proposed conference theme, with description of how it addresses the AACD Strategic Plan
   i. proposed budget clearly detailing all costs for planning, travel, publicity, speakers, and publication of proceedings
   j. timeline for conference planning, including a deadline date for pre-registrations
   k. pre-determined number of pre-registrations and date by which a go-no-go decision will be made
   l. assurance that all involved in planning the conference are committed to cancellation on the pre-determined date if registrations appear insufficient to cover projected costs.

Motion passed.

73. Convention Policy Task Force Report

It was moved by O'Bryant and seconded by Herman that: The Convention Policy Manual (20.12, Section C, page 53) regarding complimentary room allocations be amended to state "AACD and Division Staff 1 unit, per night assigned."
Following some discussion, it was moved by Bloch and seconded by Carlson that: This motion be postponed and be re-admitted to the floor for consideration as the first item after reports at the next Governing Council meeting. Motion passed (9 against).
