Approval of Agenda

The proposed agenda was discussed. A request was made that the issue of confidentiality be moved to be the first item on the agenda following approval of the Minutes.

It was moved by Smith and seconded by Humphrey that: The item of confidentiality be moved to be the second item on the agenda, immediately following approval of the Minutes. Motion passed (3 abstain).

It was moved by Bloch and seconded by Allen that: The Meeting Agenda be approved as amended. Motion passed.

Approval of Minutes

It was moved by Grisdale and seconded by Mitchell that: The Minutes of the March 10-12, 1993 Governing Council meeting be approved.

A question was raised regarding two motions in the Minutes that were adopted in Executive Session. The first of these concerned the motion
which appears in the March Minutes as "That the Executive Committee before the end of this meeting identify a weekend for the convening of a full Governing Council should the consultant's report necessitate it."

The maker of that motion in March advised that the wording was not as it had been submitted, and the secretary for the Executive Session stated that this was so.

It was moved by Bloch and seconded by Runte that: The Minutes of the March 10-12, 1993 Governing Council meeting be approved with the correction as indicated. Motion defeated (5 for; 9 against; 8 abstain).

The secretary for the Executive Session of March 10-12, 1993 then advised that in the case of the motion passed regarding the 1995 convention, the intent had been to record the vote.

It was moved by Humphrey and seconded by Mitchell that: The Minutes of the March 10-12, 1993 Governing Council meeting be approved as distributed. Motion passed (14 for; 5 against; 3 abstain). (It was agreed that the Minutes as approved would include recording of the vote against holding the 1995 convention in Denver.)

It was moved by Humphrey and seconded by Lampe that: The Minutes of the April 12, 1993 Executive Committee conference call meeting be approved.

Following considerable discussion, it was moved by Lampe and seconded by Bloch that: Approval of the April 12, 1993 Executive Committee minutes be tabled. Motion defeated (10 for; 5 against; 7 abstain). (It was noted that this motion to table requires a two-thirds vote of the body.)

It was then moved by Smith and seconded by Humphrey that: The body move into Executive Session to discuss these Minutes further. Motion defeated (7 for; 9 against; 5 abstain).

Following some further discussion, it was agreed to postpone further action on approval of these Minutes until later in the meeting.

Confidentiality Issues

There was discussion of the matter of confidentiality and what is meant by that. There were opinions expressed and questions raised on this issue.
Treasurer's Report

Treasurer Thelma Daley presented a report on the Association's finances. She provided information and background on all aspects of the financial situation and responded to questions from Governing Council members. There was a discussion of the report and questions from the floor.

After considerable discussion, it was moved by Maples that: The Financial Affairs Committee be strengthened beginning in 1994-95 by adding two members; one appointed by the immediate Past President and one by the President-Elect-Elect of ACA. Qualifications should include experience and understanding of accounting, auditing, and interest in the financial future of ACA. Motion died for lack of a second.

The Treasurer's report was for the Governing Council's information and there was no action taken.

Insurance Trust

The President called upon the Chair of the ACA Insurance Trust, John Sargent, to present a report on the status of the Trust.

It was moved by Humphrey and seconded by Mitchell that: The Governing Council move into Executive Session if we have confidential issues discussed.

At the conclusion of the Executive Session, the Governing Council continued in an open meeting, and the discussion of the Insurance Trust continued.

It was moved by Bloch and seconded by Carlson that: The Insurance Trust continue its oversight operation of the insurance
program and the Bylaws committee and ACA legal counsel be asked to bring recommendations to the September 1993 Governing Council regarding any modifications to the Insurance Trust's charter and the Trust's relationship to ACA. Motion passed (11 for; 8 against; 2 abstain).

It was moved by Smith and seconded by Humphrey that: We recommend to the Trust that they not continue to administer the insurance program and that we return to the "5% fee method" given our current fiscal situation.

Following discussion, it was agreed to postpone action on this motion until a later time in the meeting.

**Governance Council Discussion**

Following a recess for dinner, there began a general discussion of problems of communication, relationships, etc.

In order to continue this discussion, it was moved by Grisdale and seconded by Bloch that: The rules be suspended to permit the general discussion. Motion passed (14 for; 5 against; 3 abstain).

It is further recommended that on this committee, President Richmond appoint an ACA bylaws chair, a
Governing Council member who represents regions, a Governing Council member who represents large divisions, a Governing Council member who represents small divisions, a Governing Council member who is a former president of ACA, and a former Governing Council member who has served as parliamentarian for the Governing Council. Motion defeated (4 for; 18 against).

**Insurance Trust**

It was moved by Page and seconded by Humphrey that: In addition to a presentation by Marvalene Hughes, that the Governing Council also hear from the ACA legal counsel. Motion passed (9 for; 7 against).

It was moved by Page and seconded by Humphrey that: The Governing Council talk with the ACA legal counsel about the pros and cons of having the members of the Insurance Trust administer the business of the Insurance Trust vs. having the business administered by an outside company. Motion passed (16 for; 5 against).

**Roles and Functions**

It was moved by Maples and seconded by Houck that: The Organization, Administration and Management Committee (OAM) of 1993-94 be charged with defining the roles and functions of the President, President-Elect, and Executive Committee as a major responsibility for this year. Further, these definitions should be submitted with the advance working papers to the ACA Governing Council for action at the September 1993 meeting. Motion passed (12 for; 10 against).

It was moved by Hulse-Killacky and seconded by Carlson that: The Governing Council form small sub-groups to work for one-half hour to generate a list of terms or issues that require further clarification; to suggest appropriate sub-groups within the ACA structure that can address the terms or issues in time for the September meeting; and to then reconvene as a large group to take action on the suggestions made in the small sub-groups. Motion passed.

**Insurance Trust**

At this point in the meeting, the Governing Council listened by means of a speaker telephone to a presentation by Dr. Marvalene Hughes, a member of the ACA Insurance Trust. At this point, each subcommittee presented the list of items that had been developed.

Following presentation of the subcommittee reports, there was a brief discussion as to whether action was indicated on any of these.

It was moved by Lampe and seconded by Carlson that: The Executive Committee develop a procedure for Governing Council meetings that requires that all agenda items include the recommendations and rationale for these recommendations from each committee/body that acted on the items. Motion passed.

It was moved by Bloch and seconded by Hulse-Killacky that: The Governing Council seek positions from every Division and Region regarding the issue of dual responsibility of representatives and related confidentiality and communication issues, and that the Governing Council handle this through the OAM to report back to the Governing Council by September 1993.
