Approval of Meeting Agenda

President O'Bryant called attention to the agenda for the meeting and submitted the time sensitive items that had been submitted after agenda review and approval. She also noted that the content as well as the ordering for the agenda were unanimously agreed upon by the Executive Committee in its agenda review process. President O'Bryant stated that the reports given by the President, Past President, Acting Executive Director, Treasurer, Trust and Foundation were to provide a complete and comprehensive review of where we were to date, and that the President-Elect’s report was to carry us into the future. She also noted the Executive Committee consensus that finances and related issues, followed by time sensitive professional issues around diversity, disaster training, and IAMFC be handled prior to issues of organizational structures.

It was moved by Richmond and seconded by Smith that: The Meeting Agenda for this Governing Council meeting be approved as amended. Meeting passed.

Following further discussion and clarification, It was moved by Maples and seconded by Locke that: The Governing Council accept the Minutes of the Executive Committee meeting of February 16, 1994. Motion passed.

President Beverly J. O'Bryant called attention to her written report and she then highlighted specific portions of that report for the Governing Council’s information. No action was required on the President’s report. (The President’s Report is attached to these Minutes as Appendix A.)
President-Elect’s Report

President-Elect Doris Coy reported on her plans and activities for the coming year. Her report was for information only and did not require Governing Council action. (The President-Elect’s Report is attached to these Minutes as Appendix B.)

Past President’s Report

Past President Lee Richmond submitted a written report and highlighted major areas of that report. Her report was for information only, and no Governing Council action was required on the report. (The Past President’s Report is attached to these Minutes as Appendix C.)

Report from Auditors

Crystal Kassler and Kevin Madden from the auditing firm of Grant Thornton reported to the Governing Council on the status of the audit and distributed to members of the group a draft of the audit report. They discussed at length the procedures they had used and their findings in carrying out the audit. They also responded to questions from members of the Governing Council. (A summary of the Auditors’ Report is attached to these Minutes as Appendix D.)

Counseling and Human Development Foundation Report

Dr. Gloria Smith, Chair of the Counseling and Human Development Foundation reported to the Governing Council on the activities of the Foundation. She summarized the discussions that had been held following the Foundation’s receipt of the directive from the September Governing Council and the fact that it was not possible for the Foundation to legally do as requested in that directive. She also outlined the meetings and negotiations that had taken place surrounding the financial situation of ACA and the question of liability on the part of the Foundation in connection with the mortgage on the building. Dr. Smith distributed copies of a document detailing all of these events to the members of the Governing Council.

Following considerable discussions and questions by the Council with the CHDF Chair, the following was read into the record by Council member Mary Maples:

In 1979 and 1980, the Counseling and Human Development Foundation was directly controlled by APGA because all of the assets from the sale of 1605-1607 New Hampshire Avenue had to be placed somewhere where the Governing Council could not touch it for operating expenses. This was one reason the Foundation was organized. The money was placed in the hands of the Foundation with the expectation that the Foundation would be able to use the money until such time as APGA settled on new property. The Board of Directors at that time wanted to protect the funds. The expectation at that time was that the assets would be placed with the Foundation and would revert to APGA when all monies for new properties were settled. Further, the separate incorporation was requested by the Trustees in 1981 because they felt they could not raise funds when directly controlled by a professional organization.
In 1981 the Board of Directors approved separation so the Foundation could raise money independently. It was expected and anticipated that when we purchased new property, that CHDF would be financially independent at that time because of the amount of money they raised through various means. The Foundation was allowed to incorporate separately so that they would not be tied in. If we have the history, everything I am now telling you will be supported. It is not a they and we situation. Don’t know why we have come up with all of these legal opinions.

**Treasurer’s Report**

Following the presentation of the report by CHDF Chair Gloria Smith, the auditors returned to respond to additional questions from Governing Council members. At the conclusion of the presentation by the Auditors, Treasurer Michael Riley presented his report. He called attention to the current association budget as well as a preliminary budget for FY 1995. He commented on a number of areas in the budget, and responded to questions from the floor on various portions of the materials that he had distributed.

There followed a lengthy session during which many questions were raised on various aspects of the Association’s financial situation and on possible things that might be done to try to alleviate that. It was noted that some motions for action would be presented later in the meeting.

**Acting Executive Director’s Report**

Acting Executive Director Pat Schwallie-Giddis made a report on the financial status of the association and on steps being taken to remedy that. She presented a number of suggestions for the Governing Council’s considerations. (The Acting Executive director’s Report is attached to these Minutes as Appendix E.)

**ACA Insurance Trust Report**

Mr. John Sargent, Chair of the ACA Insurance Trust, was unable to attend and submitted the report of the Trust via ACA President O’Bryant as a demonstration of revitalized commitment to work together. As noted in President O’Bryant’s report and in the report of the Trust, the ACA Trust Trustees provided much needed assistance with December 1993 bank negotiations as well as assistance in acquiring a new loan. (The Insurance Trust report is attached to these Minutes as Appendix F.)

**Acting Executive Director’s Contract**

(By Policy and Procedure, the Executive Committee is designated to develop the (Acting) Executive Director’s contract. This was done with assistance from the former Director of Resource Management. The contract was then offered to the Acting Executive Director by the President. It was accepted.
