It was moved by Coy and seconded by Locke that: The Governing Council approve the Meeting Rules for the meeting, as submitted. _Motion passed.

2. Approval of Meeting Agenda

President Breasure called attention to the proposed Meeting Agenda that had been forwarded to Governing Council members in advance of the meeting. She asked if anyone wishes to suggest additions or changes.

It was moved by Coy and seconded by Kovacs-Long that: Agenda items 13, 14, 15, and 16 be removed from the consensus agenda. Also that the Presidential Oath be added as Agenda item 44. Also, ERIC/CASS resolution be added as 17(a). Further, that the agenda for Wednesday, April 17, be reversed so the items listed for the morning session be moved to the afternoon session and the items scheduled for afternoon be moved to the morning session. _Motion passed.

Following these changes, it was moved by Coy and seconded by Gundersen that: The meeting agenda be approved as submitted and with the agreed upon changes. _Motion passed.

8. Executive Director’s Report

Executive Director John Jaco reported on the state of the Association and a number of projects and operations that are presently in progress. His report included a discussion of new publications that are completed or underway, staff organization and responsibilities, a summary of professional and legal expenses, and a number of other activities that are being carried out during this year or are planned for the future. Mr. Jaco concluded his report with the showing of the new video to promote the association and the profession. This report was for information only and did not require any action by the Governing Council. If you would like a copy, request mail12907@pop.net

9. Treasurer’s Report

Treasurer Betty Hedgeman reported on the current financial status of the association and on projections for the coming year. She noted that it is expected that the association will end the current fiscal year without a deficit. Dr. Hedgeman responded to a number of questions from the floor and there was a discussion of how the FY 1997 budget might be affected by the possibility of the two divisions continuing with a disaffiliation process.

At the conclusion of the Treasurer’s report, it was moved by Robinson and seconded by Wagenhofer that: The Governing Council move into Executive Session for discussion of alternative budget information. Motion passed.

The remainder of this discussion was carried out in the Executive Session.

Discussion Items

Following the Executive Session, President Breasure called attention to the several items that had been designated as in need of some discussion before they were actually taken up for action. These items were grouped into categories of like items and the Governing Council took up each group in turn. The discussions were intended to bring out a full consideration of all sides of these agenda items and they were then taken up for action individually later in the meeting. Governing Council members volunteered to present the pro’s and con’s of the discussion prior to voting on the items.
Bylaws Issues

Items included in this group were (31a) Either or Motion; (31b) ACA First Motion; (37) Pilot Program for Menu Driven Membership and Services; and (38) Reciprocal Menu for Marketing Membership and Services for Both ACA and Divisions.

The question of whether the Governing Council should vote to require membership in both ACA and a Division or to allow a member to belong to one or the other brought forth a great deal of discussion. A number of issues were raised on both sides and the discussion included historical considerations, as well as considerations for the future of the association and the profession.

There was also a lengthy discussion of the possibility of a menu driven membership service and of how such a method might work. Points raised in the discussion included financial implications for both ACA and its affiliated groups; how to implement such a service; and how to plan for the contingencies that might arise.

Name Considerations

Items in this group were (32) Divisional Names and ACA; and (33) Branch Names.

There followed a discussion of the pros and cons of changing the term “Division” to “Member Association”, and also a discussion of whether ACA Branches should be requested to call themselves “ACA of (state)”.

Restructuring

Items in this group were (35a) Task Force on Restructuring Governing Council; and (35b) Task Force on Restructuring of All of ACA.

The Governing Council discussed the ramifications of restructuring and whether or not this would be appropriate at the present time.

Disaffiliation and Compliance Issues

Items in this group were (28) ASCA Proposal; (29) AMHCA Proposal; (40a) Disaffiliation Referendum Re ASCA; (40b) Disaffiliation Referendum Re AMHCA; (41a) Declare AMHCA Out of Compliance with ACA Bylaws; and (41b) Declare ASCA Out of Compliance with ACA Bylaws.

The issues covered in this grouping resulted in a lengthy discussion that ranged beyond the specific topics and included trying to define the issues that unify the diverse elements in the association as well as the issues that are specific to one or several of the entities. As a result of the discussion, the group divided into four sub-groups to meet prior to the next day’s session to
discuss these issues further. After these four sub-groups had concluded their meetings, each reported briefly to the full Governing Council. Some of the Common Issues and Differences brought out by these sub-group meetings included: Structure; Concepts; Collaboration; Diversity; Recognition of Skills and Expertise; Identity; Interdisciplinary; Overlapping and Redundancy; Services to Members; Focus on Branch Needs; and Menu Driven Services.

At the conclusion of these discussions and the reports from the four sub-groups, the Governing Council moved to continue with the agenda items for discussion and possible action. (See Appendix A for working documents from subgroups.)

**28. ASCA Proposal**

The Governing Council discussed the proposal that had been submitted by ASCA for a future relationship with ACA.

It was moved by Lukach and seconded by Kovacs-Long that: The Governing Council accept the ASCA Proposal.

During the discussion that followed, several amendments were proposed, and it was agreed by the maker and seconded to accept friendly amendments to indicate that the Governing Council accept the ASCA Proposal items 1, 2, and 3, and that item 4 be changed to eliminate the first sentence and section 4(a).

**Vote was then called for on the motion as amended. Motion passed by roll call vote (13 for; 11 against).** The roll call vote was as follows:

The ASCA Proposal, as accepted by this motion, reads as follows:

The American School Counselor Association would consider an agreement with the American Counseling Association, pending ratification by the 1996 ASCA Delegate Assembly, that would include the following components:

1. ASCA and ACA will collaborate in the areas of:
a. Membership Development
b. Public Policy
c. Publications
d. Professional Development
e. Marketing
f. Conferences and Conventions

2. ACA will include the term professional school counselor in all publications and public policy statements when referring to school counselors and school counseling issues.

3. ASCA will be consulted on all issues relating to school counseling, and the advice, opinions and positions of ASCA will be used when communicating to members and to the public.

4. ASCA dues to be collected jointly with ACA and for ACA dues for ASCA members to be assessed at a lower rate to compensate for services provided to ASCA/ACA members by ASCA.

In adopting this motion it was noted that it is understood that the intent is to bring to some resolution the conflict between ASCA and ACA; and further, that it is understood that “negotiation” is between ACA’s and ASCA’s appropriate bodies. ASCA Delegate Assembly must ratify the proposal as well.
